ABOUT US

BIDATA Limited is a leading Zambian ICT services and solutions provider with a strong background of providing services to both public and private sector. We provide business solutions to entities such as Banks, Telecoms, Micro Financial firms, Health, insurance.

At the core of every solution we provide, are our clients and our partners. We make sure to always study our clients and our partners, we study their needs and their future plans. Then we design the solutions which meet their specific needs in both quality and budget.

OUR MISSION

Develop the strongest portfolio of technology solutions and projects in Zambia and the African region through timely strategic research and development as well as focus on high quality solutions.

OUR VISION

The leading IT solutions provider in southern Africa by 2025.

OUR COMPANY VALUES

Our dedication to service delivery is guided by the following core values

TEAM WORK

The great team work we have enables us to provide quality and great services. Every team member does the best to make the team succeed.

EFFICIENCY

We are a small but very efficient team. And that means efficiency is at the core of what we do. We don't believe in huge teams.

PROJECT IMPLEMENTATION

Always, we will deliver the best quality products and services by differentiating ourselves from our competitors through a relentless focus on exceeding customer expectations and requirements.
